

DIGIPASS GO 7

Single-button strong authentication device

DIGIPASS GO 7 is a FIPS 140-2 Level 2 Certified one-time password (OTP) hardware token – a convenient single-button authentication device that boosts security while providing unmatched user acceptance. DIGIPASS GO 7 also supports VASCO's Multi OTP technology, offering enhanced security for organizations who need to secure multiple applications with a single DIGIPASS.

WHY CHOOSE DIGIPASS GO 7?

Banking and Finance Institutions can effectively combat internet banking fraud and improve security and convenience for users by replacing static or paper-based password systems.

Healthcare Providers can deploy a convenient, single-button authenticator that satisfies requirements for EPCS two-factor authentication and EHR Stage 2 Meaningful Use while simplifying the experience for healthcare staff.

Enterprise Organizations can economically deploy a comprehensive, scalable, high performance two-factor authentication solution for secure network/remote access.

DIGIPASS GO 7 BENEFITS

Easy to Use: With the DIGIPASS GO 7, a user simply presses one button to generate a one-time password (OTP), enabling secure log into an application, website or network. And being the thinnest authenticator in the "GO" series, this slim hardware device is easy for users to carry, and complies with standard postal regulations in several countries.

Easy to Customize: The elegant design of DIGIPASS GO 7 can be enhanced with your corporate logo, branding and custom colors. A transparent lens protects your logo and branding from normal wear and tear.

Easy to Integrate: DIGIPASS GO 7 is fully interoperable with other DIGIPASS authenticators, and works seamlessly with VACMAN and IDENTIKEY authentication management products, as well as with over 50 different VASCO partner applications.

Easy to Deploy: The integration of DIGIPASS GO 7 into an existing network is simple and swift. Static passwords or existing TAN lists (pre-printed lists of TransAction Numbers) can instantly be replaced with the more secure DIGIPASS GO 7 dynamic password.

DIGIPASS GO 7 PRODUCT FEATURES

- One-button operation for one-time password generation
- Strong two-factor authentication, based upon possession of DIGIPASS and (option) the knowledge of a password
- Supports VASCO's Multi OTP technology
- DIGIPASS time and/or event based algorithms
- Remote host authentication
- Customizable OTP length, OTP refresh frequency (for time based algorithms) and welcome message
- Easily customized with corporate logos, branding and company colors
- Tamper evidence

TECHNICAL SPECIFICATIONS

- Weight: 13 grams
- Dimensions: 9,5 x 25 x 48mm
- Display: high contrast 8-characters LCD
- Keypad: one-button
- Real-time clock
- Supported algorithms:
- DIGIPASS event and time based (DES, 3DES and AES)
- OATH event (HOTP) or time (TOTP) based (on demand)
- Battery: non-replaceable, lifetime expectancy 7 years

CERTIFICATION AND COMPLIANCE

Storage temperature	-10° C to 50° C; 90% RH non condensing	IEC 60068-2-78 (damp heat) IEC 60068-2-1 (cold)
Operating temperature	0° C to 45° C; 85% RH non condensing	IEC 60068-2-78 (damp heat) IEC 60068-2-1 (cold)
Tampering	Tamper evidence	ISO 13491-1
Water resistance	Waterproof IPx7 (1 meter during 30 min)	ISO 60068-2-18 or IEC 60529
Vibration	10 to 75 Hz; 10 m/s2	IEC 60068-2-6
Drop	1 meter	IEC 60068-2-31
Emission		EN 55022
Immunity	4 kV contact discharges 8 kV air discharges 3 V/m from 80 to 1000 MHz	EN 55024
Security Certification	FIPS 140-2 Level 2	
Compliant with European directives	<ul style="list-style-type: none"> • CE: 89/336/EEC or 2004/108/EC • RoHS: 2002/95/EC • WEEE: 2002/96/EC 	

About VASCO

VASCO is a leading supplier of strong authentication and e-signature solutions and services specializing in Internet Security applications and transactions. VASCO has positioned itself as global software company for Internet Security serving customers in more than 100 countries, including several international financial institutions. VASCO's prime markets are the financial sector, enterprise security, e-commerce and e-government.
